**805 LIVING MAGAZINE HAS BEEN NOMINATED FOR TWO MAGGIE AWARDS:  
BEST REGIONAL & STATE CONSUMER MAGAZINE AND  
BEST LIFESTYLE MAGAZINE**

**Westlake Village, CA**—*805 Living* has been nominated for two MAGGIE Awards for “Best Regional and State Consumer Magazine” and “Best Lifestyle Magazine,” two of the most coveted MAGGIE categories because they reward the publication as a whole, recognizing the combined efforts of the editors, designers, and photographers.

The MAGGIES are awarded by the Western Publications Association ([www.wpa-online.org](http://www.wpa-online.org)) to acknowledge “The Best of the West”—magazines headquartered west of the Mississippi—for their excellence in a wide variety of publishing categories. The WPA’s 60<sup>th</sup> Annual Awards Banquet will take place on April 29<sup>th</sup> in Los Angeles.

According to Lynne Andujar, co-founder and editor in chief, “Our editorial team is top notch...they consistently produce a publication that rivals the quality of a national magazine. I am proud that the Western Publishing Association has recognized their outstanding work.”

“This is great news for our advertising partners. It reinforces their decision to align their brand with *805 Living* and invest their marketing dollars in the magazine as a savvy one,” says Carla Blanco, co-founder and publisher of *805 Living*.

*805 Living* is a high-end regional lifestyle magazine that combines the best of both worlds: the quality and style of a national publication with locally focused editorial that highlights the vibrant communities of Western Los Angeles, Ventura, Santa Barbara, and San Luis Obispo counties. An estimated 210,000 readers depend on *805 Living* for its exciting, relevant blend of lifestyle features including home design, style, entertaining, health, recreation, shopping, dining and food, wine and spirits, family, travel, and of course, the extraordinary people who live in the 805 area.
